Business Focus: The Arrangement

The Arrangement Turns 25

By Barbara Warren-Sams

Sue Mautz of The Arrangement

This spring the Arrangement celebrates 25 years on Fremont St. On **Saturday May 14**, customers will receive a 25 percent discount on all purchases as part of the celebration.

Owner Sue Mautz, armed with a small personal loan, started a flower arranging and wreath-making business in 1980 in a small building next to Hamburger Patty's (now home of Tuk Tuk.) By 1983 the store had outgrown that location. Sue and two other tenants—Sweeney's Coffee Shop and Alameda Wallpaper—moved into a remodeled former Mobil service station at the store's present location on the corner of 42nd and Fremont. By 1993, The Arrangement occupied the entire building, and quadrupled its space.

After its move, the store expanded its inventory, adding greeting cards, stationery, contemporary clothing like Cut Loose and Two Dog Island, and jewelry from local artists and Paris. It now emphasizes seasonal merchandise for Christmas, Valentine's Day, Easter, Mother's Day, and Halloween. During Fremont Fest, the store holds its annual

Beaumont Artspace members plan group show in May

Several businesses along Fremont will display artwork by Beaumont artists during the month of May. Over a dozen Beaumont artists will have works in about ten businesses, as part of the first ***Art on Fremont*** group show. Works will include photographs, watercolors, paintings, mixed media pieces, fiber art, basketry, jewelry, and works in glass.

Shop, dine at or visit these businesses during May and enjoy the local art: **Albina Bank, Cool Runnings, Bella Flora, Fife, Red Fig, Foxfire Teas, Parisi's, Alameda Café, Criollo, Java Man**, **Jim and Patty's** and others.

On May 17, there will be a fiber art fashion show featuring work by Judee Moonbeam, and a Mediterranean fare dinner and music at Alameda Café. The event begins at 7pm, by reservation.

The idea for the group show grew out of the monthly meetings of artists who live in Beaumont Wilshire and whose works are featured on the 'online' gallery, *Beaumont Artspace*, found on the neighborhood's website, www.bwna.org. The artists have joined with business owners to showcase local art, promote the businesses along Fremont, and create a fun event for the community.

Maps of businesses participating and artists showing at different venues are located at each site and can also be accessed on the website, www.bwna.org/artspace. See you at 'Art on Fremont', May 1 – 31, 2005!

April Elections – We Want You!

By Heidi Blischke
BWNA President

Beaumont Wilshire (BW) board members are elected on a staggered basis with each office term being 2 years. On **Monday, April 11** at our general meeting, we will elect a vice president, secretary, treasurer and several member at large positions. Are you interested? Please come, and if not interested join us for a "Taste of Beaumont" **from 6:30 to 8:30pm.**

This will be my last year serving as your neighborhood association president. In the next 12 months, we will be focusing on the following key projects: National Night Out Picnic on August 2, Fremont Fest, Winter 2005/2006 Neighborhood Tree Planting, and Crime Prevention. We continue to have a great transportation and land use committee with David Whitaker's leadership and super neighborhood involvement. The committee has worked with the City to improve safety on Fremont Street by blocking a few parking spaces on Fremont so that cars entering and exiting side streets have better visibility. Our transportation committee continues to look for additional ways to improve pedestrian crossings in ways that will also benefit our neighborhood businesses. We also have a great website and bimonthly newsletters which Mario Caoile and Helen Koba make happen – thanks!

Board members balance family and work responsibilities while making a contribution to sustain and improve the livability in Beaumont Wilshire. There are always improvements that we can make to our neighborhood, but we need your help. We need you at our bimonthly meetings so you can give your input. Less than 30 people usually attend our general membership meetings.

We know that you take pride in this great neighborhood as evidenced by home improvements, attendance at the August neighborhood picnic, as well as support of the businesses in our neighborhood and local schools. Thanks to all who help as block captains, deliver newsletters, and either are serving or have served on the BW board. There are countless neighbors making a difference on their block, in their school, and in the community at-large. Thank you and I hope that you consider joining the BWNA board.

Business Focus: PARISI'S

Filling the Void

By Pauline Dugas Tait

When word spread that our neighborhood was set to get an Italian gelato shop, one could hear the collective screech of delight from all who missed Rose's Ice Cream, a landmark on Fremont for fifty years. Now there's a new kid on the block, **PARISI'S** serving gelato, espresso, panini & fudge.

Last October, Mary and Mike Fonk (rhymes with "monk") opened Parisi's at 4605 NE Fremont. The red patent-leather booths are reminiscent of the 50's.

PARISI'S serves Caffe Umbria, a classic Italian espresso blend. Pastries, such as the pear tart and croissants by "La Provence" make a nice accompaniment.

There are 24 flavors of gelato (Italian for ice cream) and sorbetto, made to order by artisan gelato maker Pete Palazzolo, which change on a rotating basis. French Chocolate Caramel Brandy Fudge, mmm, they had me at "French Chocolate".

Soup of the day and panini sandwiches are also available. One can create a personal 'make your own' panini with a combination of meat, cheese, and different spreads like honey mustard, black olive tapenade or basil pesto, to name a few.

Janice Pearce Photography

Mary and Mike Fonk serving gelato at PARISI'S

The real magic at PARISI'S happens at the hands of Mary, the master magician, who on weekends and evenings whips up fudge and classic cookies like Cinnamon, Chocolate-Chip, Nutmeg and Dutch Chocolate. All this, after putting in a full shift at her day job and being mom to Julia, 12 and Harrison, 8.

Seating is available both indoors and outdoors. PARISI'S is sure to become the new hub of our neighborhood where one can satisfy a hankering for a myriad of epicurean delights. Ciao!

Hours: M-Th 7:30AM–9PM, Fri 7:30AM–10PM, Sat. 8AM–1PM, Sun. 8AM–8PM. *Open one hour later in Summer.*

New Newsletter Distribution Chair

By Lisa Perkins

Jennifer Francis is the new Beaumont Wilshire Newsletter distribution chair. Jennifer is a real estate broker with Prudential. She and her fiancée, Aquiles Montoya, moved here about a year ago because they fell in love with the neighborhood and all that Portland has to offer. She has a lot of great skills and enthusiasm that will make her a great chair.

On a personal note, I'd like to thank all the people I've worked with over the past couple of years. It was such a pleasure to be part of a group of volunteers that I could depend on to make my job such a joy. I've spoken to other neighborhoods about newsletter distribution and, believe me, we are the envy of the city.

If you have any questions or would like to volunteer, please contact Jennifer at 503-459-8114 or jfrancis8@email.com.

Beaumont Wilshire NET – Disaster Preparedness

By Shelly MacEachern

Recent geologic studies show that Oregon is due for an earthquake upwards of magnitude 8. Massive earthquakes in the Pacific Northwest occur in long cycles—every 350-500 years—but experts at the U.S. Geological Survey and Oregon Department of Geology say that the next one is due any time. An event like this would cause considerable damage in Portland and much of Western Oregon.

The key to surviving any disaster is planning. The Beaumont Wilshire Neighborhood Emergency Team (NET) meets every month to review procedures and skills that would assist firefighters, police officers, and citizens during such an event.

Source: http://earthquake.usgs.gov/regional/pacnw/

You can make a difference, too, by following these easy tips—before disaster strikes:

1. Create an escape route. Every member of your household should know the quickest and safest exits for each room. Note all potential hazards that could be in your path.

2. Store a flashlight and a pair of shoes near each bed. A major earthquake will likely disrupt power service. Shoes are helpful in case you encounter broken glass.

3. Know where your utility shutoffs are. Locate your gas, electrical and water shutoff and learn how to operate them.

4. Practice your plan. This is especially effective if it is done at night with the electricity off.

For more information on the Beaumont-Wilshire NET, contact Team Leader Liz Johnston (liz@keithcd.com). If you'd like information regarding the next series of NET basic training sessions, please call 503-823-1260. You may also consult the American Red Cross online at www.redcross.org for news, safety tips, and disaster updates.

Graffiti is not Art – It's a Crime

By Diane Charlton

Graffiti is more than just vandalism; it's a property crime and a blight that sends a message that our neighborhood tolerates such destructive behavior. To be part of the solution check out the website: http://www.portlandonline.com/oni (select the "Neighborhood Services" tab, then under the "Neighborhood Livability Services" section, click on "Graffiti Abatement"). It's important to file a police report for the vandalism by calling Portland Police Bureau's Graffiti Hotline: (503) 823-4TAG (4824). When taggers (vandals) are arrested, the police and district attorney use police reports to substantiate their criminal cases.

Everyone can join in the efforts to report and clean up graffiti in our neighborhood. Be sure to report the exact address of the building or give the street intersection if the graffiti is on a sign, traffic box or other property without a physical numeric address.

Thanks to Matt Steadman, Concordia neighborhood, and Marcia Dennis, Graffiti Abatement Coordinator, for the information in this article.

Cancer Relay for Life

By Megan Slack

July 30–31

This July, NE Portland residents have the opportunity to unite as a community and fight back against cancer through a very special community event, the **Relay For Life**. The inaugural NE Portland Relay For Life will be the beginning of an annual event that celebrates the wonderful community of NE Portland, honors survivors of cancer and joins people together to fight against cancer.

Relays are 18 to 24 hours in length and go overnight. Teams of 8 to 15 people camp out at a local high school, college, park, or fairground and take turns walking, jogging, or running around a track or path. Anyone and everyone can participate. Businesses, clubs, families, friends, hospitals, churches, schools, and service organizations form teams.

All NE Portland residents are invited to become involved in this inspiring and fun event that we refer to as a "party with a purpose." This year's NE Portland Relay For Life will be **July 30-31, from 4pm-10am at the Grant High School Track**. Volunteers and community leaders are needed to join the planning committee and form teams for the event. Businesses and organizations are invited to learn more about sponsorship opportunities.

Call (503) 795–3923, or send an e-mail to megan.slack@cancer.org for details.

To what does Sue attribute her success? "First, I've had loyal and dedicated staff. Staying in the same location and living in the neighborhood has also helped." The store has also kept pace with changing times, growing from flower arranging to stationery, adult and baby clothing, jewelry, gift items, and home décor. "Most importantly," says Sue, "I do something that brings me great pleasure." Twenty-five years later Sue Mautz is still following her passion.

Protect Your Car

By Preston Wong
CNN Crime Prevention Specialist
503-823-2781

After residential burglaries, car break-ins and thefts are currently the most frequently committed crimes in Portland. Vehicle related crimes are usually a crime of opportunity and committed by a lone individual.

Car thefts are committed for a number of reasons: to strip and resell the parts, for use in another crime, or for joy riding. Most stolen cars are recovered within two miles of where stolen. A large number of cars are stolen with the keys in the ignition. This is because the drivers were just going to "run in and run out".

Car prowls are committed with the sole purpose of taking something out of the vehicle. The car prowler is a "window shopper". He or she walks through a parking lot or down a street looking for value items inside cars. Once a car is targeted, a window is broken to gain entry. It takes the car thief and the car prowler less than 30 seconds to get into your car and take what they want.

To Stop the Car Thief:

1) Park in well-lighted, frequently traveled places. At home, park in a garage if possible, or under a streetlight, or in front of a window to your house.

2) Always keep your car doors locked.

3) Never leave your keys in the ignition, always take them with you.

4) Never leave your car running without you in it.

5) Install a car alarm or a 'Club'.

To Stop the Car Prowler:

1) Follow steps 1, 2, and 5 above.

2) Keep the inside of your car "show room clean", leave nothing inside your car for a thief to take.

3) Form a neighborhood block watch or a business watch program.

4) Report all incidents to the police. They need to know where the crimes are occurring.

Following these steps are not a guarantee that your car will never be stolen or broken into, but it will help reduce the chances considerably.
